

## **Celebrating Feast Days and Special Occasions with the Poor.**

(St Vincent De Paul - Sept. 27, and the Miraculous Medal November 28, Christmas season).

Said occasions bring the USI family to the partner communities to serve the poor, to give them treat, gifts, souvenirs, entertainment, and spiritual nourishment. It is customary that in these occasions, the different colleges, the non-teaching personnel, the faculty and the student organizations are mobilized by ICESA to celebrate the occasion with a partner community, or with a particular sector or group (persons with disability, single mothers, women, fisher folks, children, elderly, indigenous people, prisoners). The beneficiaries are either brought to the university or the sponsoring groups conduct the activity in the community. Several thousands of people are specially served in each of the said occasions.
